The following is an examiner's statement of reasons for allowance: In addition to the remarks of record, the cited prior art fails to teach or anticipate a laboratory analyzer system having a lid opening system comprising an electromagnetic that can hold the lid in an open position. The closest prior art is DE 1188882 which teaches a container that uses an electromagnetic to securely close the lid. DE 1188882 does not teach or anticipate the claimed laboratory analyzer that uses the electromagnetic to keep the lid in an open position.

Applicants references AL-AP submitted 10/5/01 have been considered in light of the 9/15/04 characterization of the references and the 10/5/01 German search report.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
